Jury Returns Guilty Verdict

By NITA LACKEY

After deliberating for 20 minutes the jury returned a verdict of guilty of escape in the second degree Wednesday for Donald Ray Ard. Judge Terry Butts sentenced Ard to 10 years in the state penitentiary.

At the time of the alleged escape Ard was being held in the Coffee County Jail under a warrant for the murder of Sgt. Jimmy Tucker of Ft. Rucker on Jan. 24, 1981.

Ard represented himself in the escape trial, with some advice from his

court appointed attorney, Mark Vaughan.

First to testify in the case was Ricky Christian, chief jailer at the time of the alleged escape on March 10, 1981.

He testified that Ard had been removed from his cell and sent to a locked room with several other inmates, who were all being allowed to make telephone calls.

Christian was alerted by shouts that someone was escaping, and ran out to see Ard cross a fence and go over the side of the levee surrounding Elba, he said.

Christian found a padlock missing from one of the doors of the room in which Ard was confined. No other damage had been done, he said.

Later that evening, Ard was picked up hitchhiking on County Rd. 25 by Joe Spurlin, a work release official who lives near where Ard was standing. Spurlin testified that he took Ard to his home, where upon searching Ard he found a padlock and some district court papers with Ard's name on them. Ard admitted who he was when Spurlin questioned him. Sheriff Brice Paul was called, and Ard was returned to the jail, Spurlin testified.

Jr. High Football is Begun

Elba City School Superintendent John Osburn told school board members during last Thursday's meeting that the high school will have a junior football program this year.

For several weeks there had been disagreements between the school board and the athletic department about the status of a junior high school team.

"Elba High School is going to play eighth and ninth grade junior high football, as of today," Osburn stated.

Mike Carnley, a vocational teacher at the high school, is being paid a supplemental salary to coach the boys. City Recreation Director Dennis Smith is also working with the program on a voluntary basis.

According to Osburn, approximately 40 youths gathered last Thursday for the team's organizational meeting.

In other business, Osburn reported that the total enrollment for the city schools is 1,432 students. After the opening days of school, the enrollment figures for most of the grades were

basically the same as school officials had predicted. However, they had not anticipated as many students to enter the first grade. As a result of the increased enrollment, Mrs. Pam Smith was hired to teach an additional first grade unit.

The kindergarten classes have 95 students; first grade - 126; second grade - 99; third - 116; fourth - 109; fifth - 108; sixth - 101; seventh - 85; eighth - 102; ninth - 124; tenth - 115; eleventh - 107; twelfth - 102; special education - 38; and Project Independence - 4.

School board members also approved payment of \$605 dues to the Alabama Association of School Boards and acceptance of a low bid from Sconyers Insurance for vehicle liability insurance. Sconyers' bid was \$1,142 per year.

Osburn received the board's permission to consolidate the purchasing of paper towels, toilet tissue, mimeograph paper, and various other paper supplies at the three schools. Osburn said by centralizing the purchasing and letting bids on the products, the school system can probably save money.

Elba Budget Comparison Results Told

By NITA LACKEY

The results of the recent 10-month budget comparison of the City of Elba indicate that Elba will have an excess of funds at the end of this fiscal year.

Income for the 10-month period exceeded the budgeted amount by \$87,965.30, and the grand total of expenditures was \$1,742.96 less than budgeted for the same period.

The excess money will be carried over to the next fiscal year, according to Mayor Bob English. This will help keep us from having to raise taxes or service rates next year, he said.

A more detailed look at the budget comparison shows that privilege licenses, or business licenses, brought in \$13,323.80 more than expected. This was due to better enforcement on the part of the license inspector this year, said Jack Prescott, Elba City Clerk.

Another unexpected influx of money came from extra grants from the Elba Water and Electric Board, which had excess funds on reserve in Montgomery. Also, \$20,000 was earned from interest on investments, Mayor English said.

City officials were disappointed with income from sales tax, which was down by \$30,000 over the 10-month period.

Police department expenditures exceeded the budgeted amount by \$3,891.56. Much of this is accounted for by the purchase of new uniforms for everyone on the Elba police force. "The old uniforms were getting pretty shabby," said Prescott.

In the fire department, only \$465.02 was spent for supplies, whereas \$2,500.00 was budgeted for this category. Mr. Prescott explained that a great deal of this amount was budgeted for the purchase of 1,000 feet of fire hose, which has not yet been purchased.

Other expenditures that were not allowed for in the budget, according to Mayor English, include: the building of a new airport hangar; reroofing of the old city hall; purchase of the Masons' hall interest in the old city hall; construction of a go-kart race track; money given to the high school for the purchase of new desks for the additional rooms; and purchase of 40 acres of land for a new recreation complex.

Mayor English gave much of the credit for the well-balanced budget to the city department heads. They have done a good job of keeping down expenditures in their own departments, he said.

The Elba City Council met Tuesday night and business was routine. Councilman Charles Kennett was absent and reportedly out of town.

The city received reports from the police chief and city engineer. Neither reported any surprises.

Bids were opened on some paving repair work at the Elba airport and low bidder was S & C Paving of Elba. They bid \$22,102.80, which was \$1750 lower than the next bidder. The low bid was accepted on the condition that Dorsey Trailers would still pay half the cost of the repairs as they had previously committed to do.

Fire Chief Lloyd Driggers requested 1,000 feet of 2 1/2" fire hose for the three main trunks. The council voted to buy 500 feet at 1.95 a foot and buy additional hose as soon as possible. Driggers said the department could safely fight fires with this amount.

The council agreed to remove the remaining parking meter posts around the square. A discussion on planting

shrubs in the holes produced more questions than answers and any action on this was postponed.

A resolution opposing the removal of the railroad depot was approved by the council. Mayor English noted he had asked the company months ago for a written commitment that the railroad itself wouldn't be removed for twenty years if Elba didn't oppose the change, but the firm had refused.

Pete Dorsey was appointed to the hospital board for the unexpired term of George Collier who resigned because he is moving to Montgomery. The council voted to send Collier a letter of thanks for his contributions to the hospital board.

Monthly bills of \$15,277.22 were approved for payment.

The council adopted a budget of \$1,135,121 for the coming year. The amount is "a couple hundred thousand above last year's budget," but is tight, according to city officials. Copies will be released as soon as it is typed into final form.

Gary and his wife, Nita Nichols Lackey, will reside in Elba.

To Manage

Farmers' Co-op

Elba's Tom Dyess has been named manager of the Coffee County Farmers Cooperative Store in Elba. Dyess has been in agri-business almost all his life, and was born and reared on a farm. He has been manager of Gold Kist in New Brocton for the past six months.

Dyess is a 1959 graduate of Elba High School and attended Southern Union Junior College in Wadley for two years.

He is married to the former Elizabeth Fuller, and they have a 13-year-old daughter, Krista. Mrs. Dyess is a teacher at Zion Chapel School near Jack. They are active members of Westside Baptist Church where Tom serves as a deacon.

Tom is the son of Mr. and Mrs. O.M. Dyess of Elba.

DRILLING FOR COAL.... These men prepare their equipment to drill a hole into what appears to be run-of-the-mill ground in a wooded section of northern Coffee County. However, after pulling a core of black substance from that hole, geologists determined lignite coal is embedded in the area. A story on the large lignite beds in this and neighboring counties is on Page 9 of today's Clipper.

Housing Authority Not to Get Involved

The Elba Housing Authority voted unanimously last week not to act as an agent in floating tax-free bonds for a proposed apartment complex in Elba. The decision for the board not to involve itself in the project came after several weeks of complaints by local citizens opposed to the complex.

More than a year ago, Enterprise real estate developers Ross and Marvin Cotter began plans for a 30-unit apartment complex to be built on Hwy. 84 west in Elba near the site of the Little Beaver convenience store. According to the Cotters, they began discussing the apartments in Elba after officials from Housing and Urban Development (HUD) determined there was a need for additional housing in the city.

The apartments are to be built with government loans under the guidelines of Section 8 housing. Under this plan, the amount of rent which a tenant pays is based on his or her income, with the federal government picking up the tab for the remainder of the monthly rent bill.

"He was aware that these were to be government subsidized apartments. He was led to believe that they (the Cotters) were just going to apply for a government loan," Kelley added.

"When you painted the picture that it would be \$300-400 a month rent, Hollis said he made the statement to you that anyone who could afford that type rent would have to be hardworking and fine, outstanding citizens," Kelley told the Cotters during the meeting.

Ross Cotter replied that Kelley must have misunderstood them, because they told him there would be government assistance.

The Cotters said even though the housing authority did not agree to float the bonds, they will still be able to obtain the government money. They also stated that the complex will be built despite the objections of nearby residents. Ross Cotter said they have already invested approximately \$40,000 in architects' and mortgage fees and \$1,009 for a building permit which was issued last week.

"We will build the project even if we have to use conventional funds," he stated.

According to the developers, the 30-unit complex will consist of 10 townhouses and 20 garden-style apartments, with one, two, and three bedrooms. Even though the base rent will be \$300-400 a month, the actual cost to the tenant will be determined by his income. A similar formula is used in calculating the rent at housing projects, but the Cotters said this apartment complex will set the minimum income at a 20 percent higher level than used in the housing projects.

Kelley said his property is not close enough for the apartments to have an adverse effect on him, but he was speaking on behalf of his two brothers, whose land adjoins the four acres of the complex site.

The Cotters said government funds are available to them to finance the project by taking either of two routes: (1) Using the Elba Housing Authority as a bonding agent, which would allow the housing authority input into the management and upkeep of the apartments; or (2) Using tandem government funds, which would allow local housing officials authority over the complex.

POOR ORIGINAL

Brainstorms

BY: FERRIN COX

The Elba Housing Authority voted unanimously last Wednesday night not to assist the proposed development of a thirty-unit housing project that has been the center of a hot debate for several weeks. Those people were appointed to make those decisions, and even though they said they would rather have had no disagreement, it was their job and they did it. As we told one board member, "if they were going to make their own decision, the Board should never have asked the city council for an opinion in the first place" . . . he agreed that, looking back, that would have been better (20-20 hindsight). Ye ole editor would probably have noted the day we arrived". They admitted finding a place without the muddy water, but still no fish. They had an excuse for that also and nothing was said about their skills (or lack of skills).

Two so-called "friends" slipped off Labor Day to one of my favorite fishing holes with the idea of loading the boat . . . but came home empty-handed. The excuse was "they were biting yesterday and the river got muddy about noon the day we arrived". They admitted finding a place without the muddy water, but still no fish. They had an excuse for that also and nothing was said about their skills (or lack of skills).

In case you still have a few dollars to invest, the banks continue to pay more and more interest on long-term deposits. However, if you need to borrow, this also means you will probably have to pay more and more interest going the other way . . . if you are brave enough and find a willing banker.

Our neighbors in Covington County are looking at a possible 1-cent sales tax for the county government. This sounds familiar to Coffee County folks; however, in Covington the money is for general operation, and Coffee County commissioners say they need the tax for building jails and courthouses. Locally our folks didn't even consider the tax without a vote of the people; but in Covington the state legislators had to tell them they would only consider passing the bills if the people voted. It is going to hurt some feelings, but someone has got to say NO on spending, locally as well as nationally.

The City of Elba has completed the resurfacing of a whole bunch of city streets and it sure is nice. We began to think Elba was in perfect shape street-wise until Mayor English pointed out several others in bad need of repair, and he added after a moment of silence . . . "and we are out of paving funds."

We were surprised to hear that our local vet Phillip Hamm suffered a heart attack last weekend. However, after finding out he is resting OK in an Enterprise hospital, we figured out what had happened and plan to tell him about it when he is again jumping fences and chasing cows. It was Saturday . . . Auburn was playing football and with a coach that was not long ago a kidnaper under Bear Bryant at Alabama, and Phil is not exactly a fan of "that lawyer school". Either that or the fact that Auburn fans were not overly impressed with the win under their new coach. Whatever . . . we understand Phil is going to be alright . . . and maybe Auburn will also.

Some youngsters will do most anything to get out of school or not do their homework, but 12-year-old Jill Maddox has taken it to the extreme by breaking both her arms the first week of school. Now she didn't do this in the summer when it would interfere with her vacationing, but just as soon as school started . . . there is Jill with both arms in casts, and for the first few days someone feeding her like a baby!

LETTER TO EDITOR

Dear Editor:
I have read Marty Lou Ellis' article in Friday's Alabama Journal and Mr. Garner's article and editorial in Sunday's Montgomery Advertiser (including a cartoon) regarding PSC President Billy Joe Camp and The Advertiser's reference to Mr. Camp's decision being motivated by politics. Then today I see where the PSC ruled Monday that Mr. Bell's rates are excessive and a rate reduction is in order.

If it takes Mr. Camp employing politics to get us some relief from high utility rates, I am applauding his methods.

He told us last year in his campaign for the PSC that he was going to draw the line on excessive utility rates and we elected him for saying this. It is about time we had a statesman who gives us some visible results.

Thank You,
Mrs. Gwyn Sornmude

Magwood Requests New Trial

Billy Joe Magwood, who was sentenced in June to die in Alabama's electric chair, has requested a new trial, contending that Circuit Court Judge Riley Green erred in admitting testimony from a Dothan psychologist.

Magwood was convicted of the March 1979 murder of Coffee County Sheriff Neil Grantham.

Judge Green received the request Tuesday morning from Magwood's court-appointed attorney, Joe Cassidy. Green may rule on the motion within the next few weeks.

The motion alleges several grounds for a new trial, stating that the evidence did not support the jury's verdict, and the death penalty law under which Magwood was tried is unconstitutional.

The testimony in question was from Doug McKeown, a psychologist from Dothan who was hired by the state to examine Magwood. Defense attorneys Cassidy and Bill Stokes objected to his testimony at that time saying it violated their client's privacy rights under a doctor-patient relationship.

McKeown and two Elba physicians who examined Magwood testified that in their opinions the defendant was sane at the time of the shooting. However, Dr. William H. Rudder, a psychiatrist on staff at Searcy Mental Hospital, stated in a deposition that was read aloud in the courtroom that the 29-year-old Magwood suffered from paranoid schizophrenia and was unable at the time of Grantham's murder to distinguish between right and wrong.

Church Of God To Have Barbecue

The Elba Church of God is having a barbecue Saturday, September 12. Plates will sell for \$3.00 each. Serving will begin at 11:00 in the morning.

Band Members Selling New Band Calendars

The Elba Band Boosters Club launched its annual "Community Birthday Calendar" fund-raising program on Aug. 31. The sales will continue through Sept. 8, with band members handing the calendar sales.

Anyone may purchase a 1982 calendar for \$2.00 and have birthdays, anniversaries, or any other important dates listed on the calendar for 25 cents per listing.

All profits will be used for the band programs in the Elba City Schools. When a band member or band booster calls on you, be ready to buy your calendar and support this great group of young people.

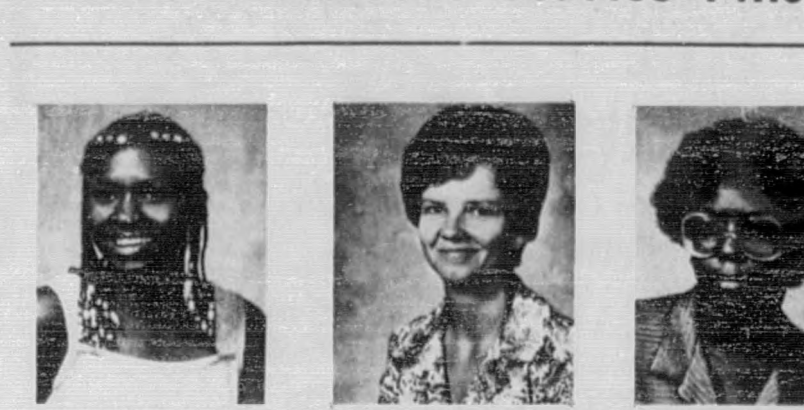

body at Christ's coming. "It is sown in corruption; it is raised in incorruption; it is sown in dishonor; it is raised in glory; it is sown in weakness; it is raised in power." (1 Cor. 15:42, 43, 44)

Paul's message shows the effect of the physical change of the resurrected body. But he said, "For I know that my redeemer liveth, and that he shall stand at the latter day upon the earth; and though after my skin worms destroy this body, yet in my flesh shall I see God; whom I shall see for myself, and mine eyes shall behold, and not another." (Job 19:24-27)

Daniel spoke of this day when he said, "And many of them that sleep in the dust of the earth shall awake." (Daniel 12:2)

SERVICE NEWS

PVT. CHARLES NELSON
Pvt. Charles P. Nelson, son of Mr. and Mrs. V.S. Nelson of Route 5, Elba, has completed the chapel activities specialist course at the U.S. Army Chaplain Center and School in Fort Monmouth, N.J.

The six-week course stressed religious support in addition to administration, correspondence, filing, and publications.

Religious support classes taught students to set up altars for Catholic, Protestant or Jewish service and to become familiar with the chaplain's combat kit for field worship.

Nelson is a 1968 graduate of Zion Chapel High School.

FOR DIABETICS

Have you noticed some healthy looking peanuts, I have parted the leaves and found white mold at the base of the plants.

Alabama and Georgia peanut specialists say that unless your infestation is greater than 10 percent, don't harvest early. If you have white mold and you harvest too early, you're going to lose both pounds of peanuts and grade. In many cases, peanuts can gain 200 to 300 pounds in weight the last 20 to 14 days before harvest plus several points in grade.

One way to determine the approximate percentage of your white mold infestation is to step off three or four rows over the entire field and count the number of white mold plants. If you find 10 to 15 percent, it is equivalent to a 10 percent loss. The Bible says, "If you step off 100 feet and find that you have two hives, that is a 2 percent loss. If you find 10 hives, that is equivalent to a 10 percent loss. Do this in several places to get an accurate estimate of the damage."

Incidentally, we have had only isolated cases of army worms in lawns. The recent rains may discourage large numbers of these worms from developing, but keep a close watch on your lawn. If your neighbor reports worms and you see worms moving into your lawn, go ahead and spray with any of the materials listed above.

RESPONSIBILITY
Roy Shoffner, publisher of The Enterprise Ledger, had an excellent editorial on tractor and vehicle safety a few days ago. Even though a farmer is driving a tractor, he must be responsible for his own safety. The driver of the tractor and drivers of vehicles should be responsible for their own safety.

After having a head-on collision about a year ago, I learned a lesson. I was driving a tractor and a car. I was driving defensively. For example, if I see a car stopped at an intersection or side road, I have trained myself to expect that car to drive out in front of me. I

WHITE MOLD
I have noticed a lot of white mold in the past 10 days on peanuts. In fact, on

one or two farmers have told me they have a good supply of oats and wheat for sale. All these seeds have been tested for germination. Some of them have been cleaned and bagged and are ready for sale.

A lot of eye, wheat and oats will be planted in the next few weeks. If you have some wheat, eye, oats or other seed for sale, or if you need seed, get in touch with me at the office and I will try to put you in touch with people who can help you.

LAUGHTER - A NATURAL MEDICINE
Do you have aches and pains? Feet tired and tense? Maybe what you need most is a good laugh to combat those feelings. Laughing is a natural medicine. It can positively affect your well-being, and it is physically healthy.

During the laughing process, muscles tense and relax, getting a good workout. Heart rate, breathing and circulation speed up. When the laughter subsides, the heart rate dips below normal for a short while and the muscles are well-relaxed. So, laughter is a healthy physical exercise. Some have called it a form of internal jogging.

So, relieve your stress and tension the non-prescription way. HAVE A GOOD LAUGH. The benefits are many.

SPACE AND DECORATING
If your living space looks small and crowded, here is what you can do. Open it up by using these decorating tips for walls, floors and furniture.

Limit the number of different colors used from room to room. Use small-to-medium scaled wallpaper patterns. Make sure they blend with wall and floor colors. Use medium textures throughout the house.

Use wall-to-wall floor coverings. Choose colors near that of the walls. Light colors are best.

Use only what is needed in the way of furniture. Choose simple, small-scale furniture. Glass and chrome seem to fill less space and are good choices. Make use of multi-purpose furniture and wall storage. Arrange furniture in compact groups with lines parallel to the walls. Use mirrors to add a feeling of space. Place them in a corner from floor to ceiling, or use them behind open shelves on wall collections.

ARTRITIS AND FOOD
If you have arthritis, don't be fooled into believing that certain foods can cause or cure the pain. For example, some people believe that such foods as alfalfa, kelp, molasses, honey and vinegar, carrot juice and celery juice cause arthritis pain.

Don't be misled. There is no food that cures or causes arthritis.

HOUSEHOLD HINTS
Oil your measuring cup lightly before pouring in honey, molasses or other sticky liquids. It will make cleanup easier.

Put an apple wedge in brown sugar to keep the sugar from becoming hard or to restore its softness.

Keeping a layer of damp paper toweling inside the lid of a tightly sealed storage container will achieve the same purpose.

STATE TO HAVE JOB OPENINGS
The Alabama State Personnel Department has announced vacancies in the following positions:

IRS News
State police officers who reported substance abuse as income for tax years 1974 through 1976 may be entitled to refunds under a new provision of the law, according to a recent Internal Revenue Service (IRS) announcement.

A recent change in the law provides that substance abuse allowances received by officers from 1974 through 1976 shall be included in gross income. This treatment corresponds to that accorded allowances received by officers under Public Law 95-427. State police officers entitled to refunds for 1974 through 1976 have until Dec. 28, 1981 to file refund claims. In addition, the period for claiming refunds for 1977 has been extended to Dec. 28, 1981. Refunds claims should be filed on Form 1040X, Amended U.S. Individual Income Tax Return.

REV. LONNIE PLUNKETT
ELBA CHURCH OF GOD

Judgment at His Coming
But I would not have you to be ignorant, brethren, concerning them which are asleep, that ye sorrow not, even as others which have no hope. For if we believe that Jesus died and rose again, even so them also which sleep in Jesus will be brought with him. For this we say by the word of the Lord, that we which are alive and remain unto the coming of the Lord shall not prevent them which are asleep. For the Lord himself shall descend from Heaven with a shout, with the voice of the archangel, and with the trump of God; and the dead in Christ shall rise first. Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air; and so shall we ever be with the Lord. Wherefore comfort one another with these words. 1 Thes. 4:13-17.

This is the moment for which God has planned and toward which the church has anxiously looked. This is the time of reunion between God and His creation on an acceptable basis. Jesus, who could associate with men, became a man. He came down where we are and made it possible for us to go where God is.

Job, as he sat on the heap of ashes, hundreds of years before Christ came, spoke of this day. It was very fitting that he should give voice to this occasion since he was apparently in the clutches of death. But he said, "For I know that my redeemer liveth, and that he shall stand at the latter day upon the earth; and though after my skin worms destroy this body, yet in my flesh shall I see God; whom I shall see for myself, and mine eyes shall behold, and not another." (Job 19:24-27)

Daniel spoke of this day when he said, "And many of them that sleep in the dust of the earth shall awake." (Daniel 12:2)

Paul's message shows the effect of the physical change of the resurrected body. But he said, "For I know that my redeemer liveth, and that he shall stand at the latter day upon the earth; and though after my skin worms destroy this body, yet in my flesh shall I see God; whom I shall see for myself, and mine eyes shall behold, and not another." (Job 19:24-27)

Miss Wilson & Mr. Mehrg United In Marriage

Miss Nancy D'Aun Wilson and Joe Earl Mehrg Jr., exchanged marriage vows September 5 in a 6 o'clock-in-the-evening candlelight ceremony at the Westside Baptist Church in Elba, with Rev. Howard Foreman officiating.

Nuptial music was presented by Dr. James Patenas of Livingston, on the organ. Vocalists Miss Jimmie Brown of Baker, Fla. sang "Through the Eyes of Love" and Danny Buckalew of Livingston sang "Lady" and "God a Man and a Woman."

Joe and D'Aun wrote and exchanged their own vows and he closed the ceremony with prayer.

The bride is the daughter of Mr. and Mrs. Lamar Wilson of Elba, the grand-daughter of Mrs. Mary Helms, Elba, Mrs. A.C. Wilson, Brantley, and the late Mr. Wilson.

The groom is the son of Mrs. Joe Earl Mehrg, Jr. of Fayette, grandson of Mr. and Mrs. J. N. Mehrg of Fayette, Mrs. D. T. Poyner of Fayette.

Given in marriage by her parents and escorted by her father the bride descended the aisle in a traditional white wedding gown created by the bride's mother, Mrs. Lamar Wilson, which continued to the fitted lace bodice. Filled sleeves were buttoned at the wrists. The A-line silhouette skirt flowed to the floor from the crested waist.

The circular apron effect of crystal pendants, pearl d'anga lace and pearls circled around to form the chapel length train which was bordered with matching lace.

For her headpiece, the bride chose a waltz length mantilla style veil with matching lace and pearls that bordered the edge.

She carried a cascade of aubergine silk roses, eucalyptus, miniature mums, eucalyptus, baby's breath, with lace and ribbon streamers tied in love knots.

The bride was wearing a pearl necklace which was a gift from the groom.

The groom was dressed in full formal attire of white tuxedo and wore a boutonniere of stephanotis and baby's breath made by the bride.

Miss Katherine Mehrg of Fayette, sister of the groom, served as Maid of Honor. Bridesmaids were Miss Carolyn Foreman of Birmingham, Miss Lowana Helms of Dothan, cousin of the bride, served as junior bridesmaid.

Mr. & Mrs. Toy Dyess Honored On Fiftieth Anniversary

The social hall of the Assembly of God was as pretty as any artist could have made it. Under the capable and talented hand of Philip Morrow, the esthetic instinct of doing the right thing in the right place expressed itself in all the decoration where good taste, discrimination style and balance were desirable.

Yes, this tradition of the beautiful was the perfect setting Sunday afternoon at the reception honoring one of Elba's favorite couples, Mr. and Mrs. Toy Dyess, on their Golden Anniversary.

This memorable affair was hosted by Mr. and Mrs. Kimmie Dyess, Scott, Steve and Sharon; also, Mr. and Mrs. Kenneth Dyess, Andrea and Adam.

Hurricane lamps and ropes of golden satin ribbon marked the entrance; yellow roses and coning white daisies were heightened by graceful sweetheart bows of satin ribbon on the entrance door.

Mrs. Lurline Martin and Mrs. Mac Snellgrove greeted and welcomed the guests. The registry table, in an attractive and traditional trim, was presided over by the two beautiful and

monogrammed crystal pitcher and glasses set. Those attending were the honorees: Mrs. Lamar Wilson, mother of the bride; Mrs. Joe Earl Mehrg Sr., mother of the groom; Mrs. Mary Helms, grandmother of the bride; Mrs. A.C. Wilson, grandmother of the bride; Miss Katherine Mehrg, Miss Terry Sue Bonery, Miss Deborah Taylor, Miss Cristiana Helms, Miss Kimberly Helms, Mrs. David Poyner, Jennifer and Leslie; Mrs. Mary Ellen James, Miss Pat Stamps, Mrs. Betty Foreman, Mrs. Richard Arthur.

REHEARSAL DINNER Mrs. Joe Earl Mehrg Sr. honored her son, Joe Earl Jr., and his bride-to-be, Nancy D'Aun Wilson, with a dinner party Friday evening, September 4, in the fellowship hall of the Westside Baptist Church in Elba. Those attending were members of the wedding party and family.

A delicious meal of baked ham, turkey and dressing, cranberry sauce, green beans, English peas, green salad, blueberry and cherry pie was served.

KITCHEN SHOWER Mrs. Nelson Whitehurst and daughter Lynn celebrated a kitchen shower August 11 honoring Miss D'Aun Wilson, bride-elect of Joe Earl Mehrg of Livingston. The guests were greeted by Mrs. Whitehurst and presented to the honoree.

The refreshment table was filled with party food and delicious punch. Mrs. Clinton Brewer and daughter Velvet were co-hostesses.

Miss Wilson received many useful gifts. A delicious party cake was chocolate cake draped with grapes and other fruit.

The bride chose for her going away suit a rose linen sunback jump suit with a tunic coat with red rosebud corsage. The groom changed into a grey gabardine suit.

After a honeymoon to Disney World they will return to Livingston to make their home, where Joe is director of public information for Livingston University.

The wedding was directed by Mrs. Richard Arthur of Marion, a very close friend of both families. The out-of-town guests for the wedding were Mrs. A. C. Wilson, Mrs. Burt Loew, Brantley, Mrs. Debbie Stude, Atlanta, Ga., Mr. and Mrs. John Crutcher, Fayette, Miss Susan Lowe, cousin of the groom, Fayette, Mrs. Hunter James, served as ring bearer. They were chartered grey tuxedos with stephanotis and baby's

the bride-elect with a

youthful granddaughters, Sharon and Andrea Dyess. Yellow rosebuds in crystal were most decorative.

Nearly, on a tall pedestal was an enormous arrangement of variegated roses. An attractive screen was used as a divider, and fastened to this screen were white satin-covered imitation entwined wedding bands; simple yellow rosebuds and tiny white doves added to the decor.

The honored couple stood before a white-branched tree that was uniquely decorated with golden wedding bands. The tied with narrow white ribbon.

Mr. Dyess in a smart tailored blue suit looked so handsome, and a red rosebud in the lapel provided the finishing touch.

Mrs. Dyess was most elegant in a fashionable soft rose silk crepe street dress. Tiny pink rosebuds, framed by pleated narrow ribbon, complemented her attire.

Sons Kenneth and Kimmie wore gray dress suits that showed good taste and individual style. They stood with their parents to receive the guests.

The gracious Nancy Morrow and Betty Lawford were in charge of the punch

table. Gold satin, with a hand-crafted overlay cloth, added to the crystal service. An attractively decorated fruit ring, bobbing in the bowl, was the central decoration with the touch of chromatic colors.

An elaborately dressed table in satin and snowy lace, with additional miniature ribbon bows with floor-length streamers, held the cake. Spun sugar roses and artistic etching on the three-tiered cake were a beautiful work of art. Gleaming silver and crystal trays held a variety of party dainties. The two versatile and friendly daughters-in-law, Eleanor and LaVonda Dyess, served at this setting.

Directly back of the table, an attractive cluster of graduated wicker baskets was suspended from the ceiling, and these were entwined with gold ribbon and were most attractive.

At intervals along the hall were four tall white columns topped with unique clusters of polished Magnolia leaves. These complementary arrangements gave a visual impression of unparalleled beauty to the entire entertaining area.

Of special interest was the large framed easel containing an artistic arrangement of pictures of the Dyess family, which were made over a period of years. However, the time, ages, fashions and subjects were vividly recognizable. At a very tender age the twins even had a look of superior status as professors of academic rank. The model I was a popular object of the honored couple's courting days. The many aphorisms and thought-provoking remarks were witty and entertaining.

Another highlight of the afternoon's entertainment was the expressive musical composition rendered by two handsome and talented young men, Scott Dyess and John Dyess. Each artist gave an exquisite performance that blended with

the beauty and the quality of the occasion. A Williamsburg globe, filled with miniature marigolds rested on the piano, giving a sunburst of brilliant color.

Steve Dyess, in a friendly and expressive attitude, obliged by assisting in seeing that the honorees as well as the guests received special favors. His youth and vitality added to the celebration.

The serving bar was within itself an attractive and artistic vase of brilliant red roses held the place of honor. Clusters of polished and shiny Magnolia leaves were placed on either side.

Mrs. Glen Johnson, Mrs. Jim Arbogast, Mrs. Becky Snellgrove, Miss Cathy Arbogast and Mrs. Mary Drewery obliged in the serving area. These fashionably-dressed ladies mingled and conversed with the guests.

Lovely drooping ferns of Mrs. Lurline Martin and Mrs. Hildon Byrd were banded in special places, creating areas for guests to be seated, and for special visitation.

The youngest member of the Dyess family, 10-month-old Adam - and his baby-sitter, Mrs. Doris Wilson Montgomery, were happy and contented in the nursery. They made brief visits to the party during the afternoon.

Not only did the Dyess family enjoy the exquisite beauty and elegance of the last roses of summer from the gardens of Judge and Mrs. Eris Paul, and Mrs. Robert Cooper; the 20 guests that signed the register also remembered the velvet gleam of their beauty.

Yes, everyone loves a pretty party with a festive air such as this celebration provided. The warmth, hospitality and pleasant occasion shall long be remembered by the honored couple and their lovely family.

GAMECOCKS FALL TO ARITON 5-0

NEW BROCKTON'S Coach Leavy Boutwell talks to Gamecock stalwart Larry Daitman (62) during a break in the action.

STORY & PICTURES BY: CYNDI MADDOX

Ariton's state-ranked Purple Cats capitalized on costly mistakes suffered by their opponents to chalk up a 5-0 win over the New Brockton Gamecocks during last weekend's action on the gridiron.

After coming off a big win in their season opener against Wicksburg in which they piled up 254 yards rushing, the Gamecocks only managed 45 total yards Friday night against Ariton, with most of that yardage coming during their first possession.

The only points in the game were scored during the first quarter when Ronnie Stinson intercepted an Anthony Maddox pass to set up a field goal for the Purple Cats. Then two minutes later, a bad snap from the center sent the ball sailing over punter Ricky Sipper's head into the endzone for a safety and two more points for Ariton. During the remaining three quarters, hometown fans watched a defensive battle as the teams refused to give up any more points.

New Brockton's best offensive drive was during the opening possession as they took the ball on the 20 and managed to move it near mid-field. Rushing plays by Joseph Burrows and Mike Dunaway and a five-yard step-off against Ariton kept the Gamecocks in a third and three situation. Maddox completed his only pass of the night on a seven-yard toss to Bobby Smith at their own 48-yard line for a first down. However, the drive

was short-lived when the Cats' Terry Goodson broke through the offensive line two plays later and slammed into Maddox as he was attempting to pass. As the ball rolled toward the sidelines, New Brockton managed to retain possession but suffered a 12-yard loss and was forced to punt on fourth-and-21.

On first and 10 at their own 37, Ariton moved the ball three yards before Clarke Whitaker stopped the runner. A run by Leo Jolly off right tackle advanced the ball to the Gamecock's 48 and resulted in a Purple Cats first down. Whitaker and Joe Godwin were able to keep the offense contained and forced a punt. Chris Stevens booted the ball 40 yards before it rolled into the endzone for a touchback.

After a 15-yard penalty for blocking below the waist on the preceding kickoff, New Brockton went to the air only to have Ariton halt in an interception at the 26-yard line.

On first down, Downing kept for two yards with Godwin and Larry Parker bringing him down. Jolly moved the ball to the 20 on second down, but was stopped short of a first by Godwin and Whitaker. On fourth and three Stevens' 35-yard field goal lit the scoreboard and Ariton led the game 3-0 with 2:02 remaining in the first quarter.

Sipper took the kickoff at the five and brought it out to the 14 for New Brockton. The Gamecocks managed to pick up only two yards on the following three plays, and were forced into a punting situation. But with Sipper back to punt, the snap went over his head into the endzone for two points as the buzzer sounded ending first quarter. With Ariton ahead 5-0, the score remained unchanged the rest of the night.

New Brockton was awarded a free kick from the 20-yard line, and Ronnie Stinson fumbled it at the 44 for the Purple Cats. On the first down, a pitchback to McLaughlin was fumbled at the mid-field mark, but Ariton maintained possession. Unable to gain a first, Ariton punted and the Gamecocks took over on their own 9.

Ariton threatened to score again early in the second quarter when Pearson returned a punt to the Gamecock's 39. But three plays later the ball was turned over to New Brockton when Burrows recovered a loose ball.

The home squad was unable to pick up a first and found themselves punting. Brockton got another break when Ariton fumbled the punt at mid-field, but failed to edge their way into the opponents' territory. They turned the ball back over to Ariton when Ronnie Stinson intercepted a Maddox pass and returned it to the 38. 35-yard field goal lit the scoreboard and Ariton headed toward payday, but was stalled at the 4 by the defensive efforts of Parker, Hagan, Maxie Whitaker and Ronnie Gilley. A field-goal attempt was no good and the score stood 5-0 at the half.

On their first possession of the final stanza, Ariton reached the 15, but the effort was stopped cold.

BULLDOGS BITE SAMSON 20-0

Story & pictures by: B.W. WILLIAMSON

The Brantley Bulldogs' "Big Green Machine" rolled to its second straight victory last week by pouncing the Samson Tigers 20-0 in Brantley. The win upped Brantley's record to 2-0, while the loss left Samson with an 0-1 slate.

Neither team could move on its initial possession of the game, but the Bulldogs started at midfield on their second series and drove 51 yards on 11 running plays to grab a 7-0 lead. Fullback Ricky Hall ground out 32 yards during the march and scored on a 1-yard plunge to make the score 7-0 and the Dogs were on top to stay!

Samson began a drive midway through the second quarter and moved all the way to the Brantley 38-yard line, but were forced to the air on a third-down play, and the Bulldogs' Todd Johnson made an interception at the 7-yard line, stopping the threat. Brantley's Mark Hill picked off a Tiger pass late in the half at the 20-yard line to halt another Samson threat and at the half Brantley went in clinging to a slim 7-0 lead. Samson pulled off a

successful onside kick to open the second half and moved to the Brantley 30-yard line, only to be stopped again by the Bulldog defense when Ricky Beck pounced on a fumble! The 1A rivals swapped punts on their next possessions and then Brantley lost the ball on a turnover as the third quarter ended with the Dogs still on top 7-0.

Brantley's second score came early in the final stanza when Ricky Hall scored on a 7-yard run. The tally climaxed a 62-yard drive that was highlighted by the passing of quarterback Tony Chandler. Chandler had a pair of first downs following the ensuing kick, but time ran out, with Brantley winning 20-0.

Dewayne Pitts gained 86 yards in 15 carries to lead Brantley, while Ricky Hall added 79 yards in 16 carries, and Andrew Bennett had 52 yards in 7 carries.

Samson's Chris Hornsby took the ensuing kick and returned it 60 yards to the Brantley 35, where Ronald Dorsey made a touchdown-saving tackle. The Bulldog defense again stopped the

Tigers cold, and following a punt, the Brantley offense took over on their own 5-yard line. A penalty left the Dogs 97 1/2 yards from payday, but the "Green Machine" got cranked up and covered the distance in 12 plays, all on the ground!

Dewayne Pitts gained 51 yards on the long march on 6 carries, while Andrew Bennett notched the touchdown on a 15-yard scamper. The p.a.t. was wide, but with only 2:29 left in the game, Brantley had the win on ice, leading 20-0. Samson made a pair of first downs following the ensuing kick, but time ran out, with Brantley winning 20-0.

Kinston Stuns Zion Chapel

The Kinston Bulldogs and the Zion Chapel Rebels did battle this past Friday night in Jack, Alabama, and the Bulldog victory left both teams with 1-1 records for the season. Kinston combined a big play offense with a stingy defense to claim this big victory by the score of 21-15.

The game opened with the Bulldogs receiving the ball and putting it in play at their own 37-yard line. Three plays from scrimmage and one 15-yard penalty later, Kinston punted to the Rebels. Zion Chapel started their first drive in excellent field position on the Bulldog 35-yard line, but Greg Davis fumbled the first snap from center and Scotty Weeks fell on it for Kinston.

On the first play, however, Darren Smith was intercepted by David Sanders who returned the ball 7 yards to the Bulldog 33-yard line. The Rebels were once again held to the plays and a punt, which gave Kinston the ball on their own 20-yard line. From this point, the Bulldogs mounted a well-mixed 10-play drive to the Rebels' 13-yard line. Darren Smith rolled out to his left on third and 9 and fired the ball toward the end zone. Eddie Arnold stepped in front of the intended receiver, made the interception, and raced 99 yards for the first points of the game. Greg Davis kept the ball around right end on the faked extra point attempt and barely made it into the end zone for the two points, and with 9:24 to play before the half, Zion Chapel led 8-0.

Kinston received the kickoff, but lost 10 yards on the next three plays forcing a punting situation. The Rebels put the ball back in play on the Bulldogs' 44-yard line and Walter Adair rushed for 20 yards on the first play. Another quick score here would make the Bulldogs' chances at a comeback seem very slim, so the defense rose to the occasion! Mark Kelley picked off a Greg Davis pass and headed down the right sideline. Eighty-five yards later, Kelley crossed the goal line with Kinston's first points of the season. Darren Smith rolled to the left and passed to Larry Hataway at the goal line and he powered in for the two points tying the score at 8-8, with only 5:37 remaining in the first half.

The Zion Chapel team took the ball and put it in play from their own 31-yard line. Walter Adair rushed for two yards on the first

play, then got caught in the backfield by Michael Bowers for a big 9-yard loss. Adair also sustained a knee injury on this play, and didn't return to the game. Davis dropped to pass on the next play and was rushed extremely hard. He evaded the rushers, but was called for intentionally grounding the ball on his one-yard line. This put the Rebels in a fourth and 40 situation from their own 1-yard line. Eddie Arnold booted a 17-yard punt with no return.

The short kick gave the Bulldogs excellent field position on the Rebels' 18-yard line and Kinston wasted no time taking advantage of it. Mark Kelley carried the ball 18 yards on a sweep to the left side making the score Kinston 14 - Zion Chapel 8, with 3:43 remaining in the half. The snap was fumbled on the p.a.t. attempt and Tim Free was caught short of the goal line. Neither team recorded another first down in the half.

Zion Chapel opened the second half with a fumble on their first snap when Ronny Green lost control of the ball after a nice five-yard run. Mark Kelley fell on the ball for the Bulldogs on the Rebels' 34-yard line. At this point, Larry Hataway sacked Davis on 2 straight plays for losses totaling 22 yards. Arnold was forced to punt which gave Kinston the ball on their own 47-yard line, with 5:01 to play in the ball game.

From the point, Kelley carried 5 times for 27 yards, Hataway - 2 for 26 and Smith 1 time for 2 yards. This left the ball on the Rebels' 3-yard line after three big first downs. The Bulldogs stayed in their huddle as they watched the last 23 seconds tick off the clock, ending the game with the score - Kinston 21 - Zion Chapel 15.
